

## INTUBATION TRI-FOLD MODULE

[www.basic-medicalsupply.com](http://www.basic-medicalsupply.com)

### Intubation Tri-Fold Module

The AIRWAY™ intubation tri-fold module securely organizes basic and advanced airway equipment and supplies. The roll-out tri-fold quickly allows access to all of your airway equipment while securely fitting within a TS-Ready™ module pack. Clear internal pockets provide quick identification of blades, intubation tubes, and other airway supplies. Add this module to the #14030 Trauma bag or the #12021 O2 Response or simply use it individually as a shoulder bag or carry-tote style. All sides of the bag that touch the ground are reinforced with PVC to ensure durability and to resist water. Optional shoulder strap is sold separately.

View the total system in action here.

- 1) Compact and lightweight
